A Day of FUN with a PURPOSE

Greetings;

On behalf of the South Carolina Grand Lodge, A.F.A.M., I am honored to invite you to serve as a sponsor for our 15th Annual Grand Master's Charity Golf Tournament, to be held May 16, 2026 at Summerville Country Club.

This year's tournament is centered on a single, high-impact mission: Closing the Digital Divide for Our Youth

Proceeds from this event will directly fund our 22nd Annual Friends & Family Day Digital Equity Initiative, where we will award tablets and laptops to A and B Honor Roll students throughout the Lowcountry.

Rather than distributing traditional school supplies, we are intentionally investing in technology access, ensuring students have the tools required to succeed in today's academic and workforce environment.

As we often say:

A laptop in the hands of a disciplined student is an investment in workforce readiness.

For more than two decades, Friends & Family Day has served thousands of families at no cost to the public, providing educational support, community resources, food, fellowship, and structured youth engagement. This year's technology initiative represents the next evolution of that commitment.

As Freemasons, we are bound by our oath to improve the quality of life in the communities in which we serve and live. Through the principles of friendship, morality, and brotherly love, we translate obligation into measurable action.

We are offering sponsorship opportunities that align your brand with educational equity, youth achievement, and long-term community impact. Your partnership will directly empower deserving students and strengthen the future workforce of our region.

We would be honored to have you join us both on the green and in service to our community.

For sponsorship details, please contact us at 843-749-5326.

With appreciation and respect,
Rashad S. Muhammad
Grand Master
South Carolina Grand Lodge, A.F.A.M.

Leadership in Action. Investment in the Future

For more than 22 years, Friends & Family Day has served thousands of Lowcountry families at no cost to the public.

In 2026, we are focused on one mission:

Providing tablets and laptops to A & B Honor Roll students throughout our region. We are intentionally investing in technology access — ensuring deserving youth have the tools necessary to compete academically and professionally.

A laptop in the hands of a disciplined student is an investment in workforce readiness.

This tournament is where principle becomes measurable impact.
